

Please leave Indiana's telephone no-call law alone. We have to get up very early in the morning to go to work thus requiring us to go to bed very early. We used to receive 2 to 3 telemarketing phone calls almost every night, some as late at 10:00 PM. This disrupted our sleep and as you can imagine it was very difficult to get up in the morning to go to work. It's not safe to drive with only a few hours sleep and work productivity suffers. To us this is a safety issue as well as a quality of life issue. Please let the law stand as it is.
